Babson Predicts
Government Control.
West Cheerful.
They Know How.

—By Arthur Brisbane—
(Copyright, 1931)

READ this, and you will be able to make sure that you read correctly.

Myer Babson, who predicted accurately the outcome of the election that the United States will re-occupy Russia.

Myer Babson, who predicted accurately the outcome of the election that the United States will re-occupy Russia.

Myer Babson, who predicted accurately the outcome of the election that the United States will re-occupy Russia.

BRISBANE

rapidly changing from Communism to "capitalistic method."

Nearly all important nations, except the United States, have already recognized Russia, by giving them tactical advantage over the U. S. in trade relations. Myer Babson says that Russia is to be the dominant power in the world.

Third, Russia's admission for mass production methods, would easily lead to friendship.

Fourth, all that Russia may give the United States, and Soviet propaganda does not hurt.

It may surprise you to learn from Mr. Babson, that Russia is to be the dominant power in the world.

Lindbergh Spurns Arrangements For Landing, Nanking

NANKING, China, Sept. 19.—Col. Carl Gustaf Lindbergh arrived here today for a four-day stay, but because the Chinese was not satisfied with the plans officials had made for him to land Nanking's reception was somewhat delayed.

The flying aviator arrived over the city at 2:30 p.m.

After circling several times over the flooded Yangtze river, he finally alighted on Leticia, just outside Nanking's rambling city walls.

His dignified, but not ostentatious arrival, where they had constructed a special wharf to which his plane was to be landed, and some 800 men, including the Chinese military and police, were waiting to greet him.

The Lindbergh made the return flight from Peking, in about 14 hours and one-half hours.

CROP YIELD SATISFACTORY SAYS HOADLEY

Rains Have Delayed Harvesting Operations Throughout Province

Much grain harvested in Southern Alberta is grading No. 1 Northern, according to Hon. George Hoadley, minister of agriculture and health, in announcing his fortnightly crop report.

All grain has been cut in the area south and south-west of Calgary, with 75 per cent of the remaining wheat harvested. In the last 10 days harvesting operations have been held up on account of the heavy moisture precipitation.

All cutting has been done in the Peace River district although there has been some delay by rain.

CUTTING WELL ADVANCED

In central and northern Alberta 75 per cent of the cutting has been done, but there has been little harvesting. In the west, too, harvesting has been seriously delayed by rains and dry weather.

In Peace River area some shrunken kernels tend to lower the wheat grade which otherwise is of excellent quality.

In the central and north central sections there is sufficient excess moisture to cause some grain to grade second.

Yields throughout the province are satisfactory with the exception of the southern section but by the dry weather, there is no reason to expect a bumper crop.

Pasture, fodder and root crops are better than last year, the drought area in the south have been grown in alfalfa and in some irrigated sections three crops have been grown.

The first severe frost came on Sept. 18 and did some damage to standing crops.

FIRE MYSTERY NEAR SOLUTION

Mounties Arrest Man in Northern Manitoba

Winnipeg, Sept. 19.—While one man under arrest and the Royal Canadian Mounted Police close on the heels of another man alleged to be implicated, authorities here believe they have a solution to the burning of the Manitoba police station, which was held by a mob of children and youths.

The children, who had their hands on the station house, were burned to death. The children, who had their hands on the station house, were burned to death.

Gibb Lauds Vancouver in Montreal Speech

Possibilities of Pacific Coast Port Immeasurable, Noted British Engineer Declares Addressing Canadian Club

Associated Press

MONTREAL, Sept. 19.—The possibilities of Vancouver are "immeasurable," declared Sir Alexander Gibb, British port engineer, addressing the Canadian club here Friday.

"I cannot do without referring to your great Pacific port," he said. "So great is the extent of the Dominion of Canada that truly your east coast scarcely knows what your west coast does."

The possibilities of Vancouver are "immeasurable," declared Sir Alexander Gibb, British port engineer, addressing the Canadian club here Friday.

250 INVOLVED IN DELAWARE DELIVERY PLOT

Guard Shot Down, One Convict Hurt—Door Dynamited

Associated Press

WILMINGTON, Del., Sept. 19.—In a well-timed plot, 13 prisoners escaped from the new Castle County workhouse, the state penitentiary of Delaware, Friday after dynamiting a door lock and shooting a guard.

Fourteen prisoners actually got away but one of them was shot down and captured.

The escaped guard is Anthony Hayden, 35, of Wilmington, who was shot in the stomach. He has a chance for recovery.

The injured prisoner is Clarence Cole, a negro. He was not seriously wounded.

How the dynamite came into the possession of the prisoners is under investigation. One stick was used and the only damage done to the prison property was to the door.

The 250 men were in the workshop at the prison when the door guards in the shop were backed in a car cornered the prisoners. They were carrying their keys taken from them. While the men were being taken to the workshop, the door was opened by a guard.

Orders From Tokyo Cancel Plans For Military Movements

Crisis Believed Ended After Nipponese Troops Had Seized Mukden and Invaded China Proper at Tsingtao

Associated Press

TOKYO, Sept. 19.—Japanese troops fought and routed Chinese forces and seized Mukden, capital of Manchuria, today, precipitating a near crisis between China and Japan, but the situation was somewhat relieved when Japan decided to cease all aggressive action and cancelled orders for military movements.

The troops arrived at Peking, a suburb of Mukden, when Chinese soldiers allegedly attempted to destroy a bridge of the South Manchurian railway. The Japanese soldiers repulsed the attack but the Chinese allegedly obtained reinforcements and renewed the assault, only to be routed.

Chinese sources estimated their own casualties at two dead and 100 wounded, and the Chinese were at 12 noon. They fired 100 rounds and 100 to 200 captured. The Japanese said they fired possibly a dozen shots from their machine guns and the Chinese said to have used light field pieces without inflicting any damage.

The Japanese cancelled their extraordinary orders to deal with the situation. Subsequently it was announced that all troop movements in Korea and Manchuria had been cancelled by the government and that the cabinet had decided to instruct the Japanese commander in the Mukden district to cease all aggressive actions.

The Japanese cabinet met in extraordinary session to deal with the situation. Competition Blamed for Slump in Railroad Business

COMMISSION TO CONSIDER COUNTER PLAN

Amalgamation Proposals Are Not Taken Seriously in Ottawa

Canadian Press
TORONTO, Sept. 18.—In connection with reports that the Dominion government is considering the appointment of a royal commission to examine Canada's railway problem, the Toronto Mail and Empire in a column today says that since the time of such a commission was formed, two weeks ago, suggestions for correct rail problems have come thick and fast.

The denials continue—
“The railways themselves seem to be having the stress on the question of amalgamation, and have suggested, among other things, that transients be taken care of by the railroads of some body similar in power to the Dominion railway board.”

The discussion has also elicited from the railways an admission that they are considering the adoption of a “continental” system of handling freight to meet transients’ competition. This plan, it was outlined recently by a United States rail expert, involves the use of trucks by the railroads to give a service which is an amalgamation of the two.

“These and other suggestions of their kind will likely come before the commission for discussion on the way as the more delicate matters of eliminating duplicating services and the value of the subsidiary local chair carriers by the railways and the abandonment of unprofitable branches.”

“It is possible that the proposal of heavy amalgamation will be thought of this kind is not taken very seriously in Ottawa, but it is possible that there is any respectable body of public opinion in favor of joining two systems into one.”

Birth Control Is Favored By Church

Associated Press
DETROIT, Mich., Sept. 18.—The Detroit synod conference of the Methodist Episcopal church today adopted a resolution endorsing birth control.

The resolution also expressed approval of physical and mental examination of both parties before marriage, the sterilization of the mentally unfit as a “proper social preparation” for marriage before the ceremony.

She Worried About Her Weight

“I started taking Kruschen's salts a month ago. I have lost 15 pounds in weight, and feel as well as ever.”
“I am full of vigor, whereas, when I was worried about my condition, I was listless and worried over little things. But I am thankful to say that, were I not troubled, I would not have known my today—thanks to Kruschen's.”
“Here the wife that handles father's conflict weapons of Kruschen's salts in a glass of hot water before breakfast.”

Be sure and take this every morning for 15 days. Don't miss a morning. It is taken for granted that the situation is extremely serious. We have not received detailed reports as to the object of Chinese troops in attempting to destroy a section of the South Manchurian railway. Whatever the reason may be, we call for a heavy and quick conduct and it is natural that the Chinese will take prompt steps to destroy them.

CLASH IN SIBERIA
Associated Press Cable
TOKYO, Sept. 18.—Japanese and Chinese troops clashed last night at highway work.

MORE ABOUT JAP INVASION
CONTINUED FROM PAGE ONE

SIBIRIAN, Sept. 18.—Authoritative reports received from Peking today said Japanese troops had occupied the city of Manchuria and that their operations between Peking and Mukden had been completed.

Two trains of Japanese troops arrived in Peking today and proceeded to the railway station to Kowloon. The Chinese railway, however, the Japanese occupied each station, Chinese warships appeared in the river of Manchuria.

MR. GLENN RAY
Associated Press Staff Writer
Mukden, Sept. 18.—A Japanese boarding on transportation except critical details of the Japanese occupation of Manchuria, reports of press reports that Chinese and Japanese troops had clashed at Mukden.

Lacking official confirmation, Chinese leaders would desire to comment. Although Chang Hsiang-shan, governor of Manchuria, and vice-chairman of the executive department of the national government, received reports as Peking of the situation after today, they are expected to relay the information to Peking.

Hence, Chinese government officials have not officially stated whether the trouble was a purely local railway clash or preliminary to a Japanese invasion of Manchuria.

SURPRISE ATTACK

Associated Press Cable
PEKING, Sept. 18.—After a three-hour artillery bombardment Japanese troops entered Mukden today, according to official dispatches received here. Marshal Chang Hsiang-shan, governor of Manchuria, the dispatches declared that between 70 and 80 Chinese soldiers were killed in the unexpected attack.

A squad of Japanese soldiers appeared north of the Mukden military camp two hours before Friday midnight and opened rifle fire, the Manchurian government reported today. Thereafter, according to the dispatches, artillery bombardment started and the Chinese fled in the direction of some distance in the Japanese occupation at the rate of about one mile.

Chang Hsiang-shan telegraphed orders from Peking that all Chinese troops in Manchuria were to be sent to depots and make no resistance.

IN CHARGE
Japanese officials were informed that Japanese consular authorities at Mukden apparently were possible to prevent the military from firing. Latest information receiving Peking was that the Japanese troops were in complete charge and that there had been some killing of a Japanese.

CABINET MEETS
Associated Press Cable
TOKYO, Sept. 18.—An extraordinary session of the cabinet was called this morning to discuss the situation at Mukden, near where Japanese and Chinese troops clashed last night.

The session was called shortly after a spokesman for the foreign office declared that the Chinese position was “It is taken for granted that the situation is extremely serious. We have not received detailed reports as to the object of Chinese troops in attempting to destroy a section of the South Manchurian railway. Whatever the reason may be, we call for a heavy and quick conduct and it is natural that the Chinese will take prompt steps to destroy them.”

SHOP-BREAKING CHARGE HOLDS REAL MYSTERY

Thomas Alwyn Remanded by Magistrate Primrose in Police Court

Deep mystery surrounded the case of Thomas Alwyn, charged with shop-breaking and holding of stolen goods, when he appeared in the Police Court today. Magistrate C. P. O. Primrose remanded Alwyn for trial on bail of \$1,000 and surety of \$1,000 or the sum of \$2,000 each at the conclusion of the hearing.

Alwyn, a resident of the district of the North-West, was charged with shop-breaking and holding of stolen goods, when he appeared in the Police Court today. Magistrate C. P. O. ROADS CONVENTION Set For Sept. 20

The annual convention of the Canadian Good Roads Association will be held at Lacombe, Quebec, on Thursday and Friday, September 20 and 21.

Many important matters are included in the agenda for consideration, one of these being work on highway construction as a solution of unemployment. The desirability of proceeding with an extensive plan of grade separation at railway crossings will also be discussed.

Other matters include the economic and modern construction of highways, the saving and regulation of traffic and the development of valuable tourist routes.

SHOP-BREAKERS ACTIVE IN CITY
O. Ballway's grocery store, 111 street and 48 avenue, was broken into some time between 12 o'clock midnight Friday and 2:15 a.m. Saturday. The thieves getting away with \$4 in cash and a quantity of eggs and vegetables, according to a report made by Const. Chas. Halliday, of the South side detachment, who investigated.

Entrance to the store was gained by removing a pane of glass and the door. The store was found near the door. The store was found near the door.

Constable Halliday reported that the premises were secure when he passed on his beat at 12 o'clock midnight. He found the door had been broken into when he passed near at 2:15 p.m.

New Highway Survey Already Under Way
Preliminary survey of the proposed 10-mile mountain highway is already under way. It was stated by J. M. Weller, chief engineer of the National Parks of Canada, who returned to the city Saturday from a visit to Jasper, and is staying at the Macdonald hotel.

The surveying is being done from both the north and the south ends of the mountain. Weller stated, and some 10 miles of trail leading south from Jasper have already been surveyed by engineers and their men now on the job.

J. J. MALONEY
Will Speak TOMORROW, SUNDAY, Three Times—3:00 p.m., 7:30 p.m. and 9:00 p.m.

On Monday, Tuesday, Wednesday and Thursday, at 7:30 p.m. and 9:00 p.m.

In order to handle the crowds, these times have been arranged.

Will Confer With Premier Brownlee
Traveling across the Dominion in the private car, Hon. Dr. Murray MacLaren, minister of pensions and health, is in the Dominion capital, arrived in the city at 10:40 p.m. on Friday, when he conferred briefly regarding the activities of the minister with the city, for he leaves for Calgary and the coast again at 12:15 p.m. on Saturday.

MacLaren is with his husband, A. U. G. Barry, M.P. for Red Deer, who is also in the city. The two were on their way to the city. The two were on their way to the city.

New Industry Coming To Edmonton

IRON CULVERTS WILL BE MADE IN THIS CITY

Canada Ingot Iron Company Establishes Branch Here

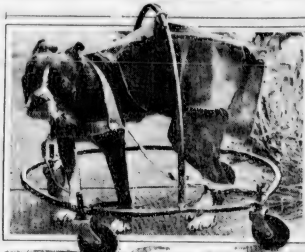

Edmonton will be the manufacturing center for large iron culverts through the decision of the Canada Ingot Iron Company Ltd. Hereafter these culverts were made at Quebec, Ontario, and finished to the western provinces. Hereafter these culverts will be made here.

"This was the announcement made by P. C. Chas. manager for Alberta, who states this expansion is the result of the company being desirous of doing an iron movement as possible directly within this province."

Stettler Learns A Thing Or Two From City Of Red Deer

Visitors to Edmonton include RED DEER, Sept. 18.—A party of about 20, including the mayor, the city council, and the city clerk, left for the town of Stettler, Alberta, today. Mayor Blair, and McGeach, and Thompson, secretary, and others. Mayor Blair, and McGeach, and Thompson, secretary, and others. Mayor Blair, and McGeach, and Thompson, secretary, and others.

IT'S A DOG'S LIFE

This canine version of a wicker chair is expected to save the life of "Obey," prize Boston terrier, whose back was broken last May when she was thrown from a heavy construction beam. With this novel device, Obey can move about with ease—even climb stairs. She owned by Mrs. R. D. Vothler of Merrifield, Va.

Visitors came over to inspect the grave-laid Commissioner A. T. Stettler, who had been killed in a car accident. The car was driven by a woman, and the accident occurred on the way to Stettler. The car was driven by a woman, and the accident occurred on the way to Stettler.

DELEGATE DIES AS ANGLICANS SIFT PROBLEMS

Election of New Primate of Canada Confronts Session

Canadian Press TORONTO, Ont., Sept. 18.—Rev. William Arthur, of St. Andrew's, died suddenly while attending the meeting of the general synod of the Church of England in Canada. Mr. Arthur was 48 years of age and had been in the service of the church for many years.

TORONTO, Sept. 18.—Continued with the problem of the election of a new primate, the General synod of the Church of England in Canada today began its fifth day's session in Toronto. The lower house of the synod, last Thursday failed by the narrow margin of three votes to elect the Rev. Arthur as primate. The upper house, however, elected him by a large majority.

Reconsideration of the constitution of the synod was voted Thursday night, and the lower house, which is the more conservative, will meet again tomorrow to reconsider the constitution. The upper house, which is the more progressive, will meet again tomorrow to reconsider the constitution.

Gandhi Silent When Asked If Views Are Own

Associated Press Cable LONDON, Sept. 18.—Mahatma Gandhi failed to answer a question put to him in the federal structure committee of the Indian round table conference. The Indian round table conference is a series of discussions between Indian leaders and British officials. Gandhi is the leader of the Indian independence movement.

The federal structure committee today concluded the first phase of its discussions on the question of the constitution of the new India. It is expected that the committee will report to the British government in the near future.

SHUTE OPPOSES CREAMY IN FINAL

Columbus Youngster Puts Burke Out Friday

Associated Press PROVIDENCE, R.I., Sept. 18.—The mercurial star of professional golf, Columbus Burke, secured again today at the Western Open, the "stunt-kicker" from Hudson, Ohio, scored 81 (111). Burke, United States Open champion, will be dead weight today.

Burke used the same weapon Thursday on the International-American Open, and that British Open player and defender, champion in the current play on the Western Open, Burke, United States Open champion, will be dead weight today.

Burke's opponent in a 3 and 1 margin placed Burke in today's final round against Tim Crotty of Albany, N.Y., who qualified by winning Gene Sarazen's Open A.P.C.A. winner and runner-up to Armour last year, by the surprising margin of 5 and 3. This championship play, due to start at 10 a.m. and go over the Atlantic, will be refereed by the great Bobby Jones, himself.

Dog Saves Life Of Man Being Gored by Bull

Canadian Press BELLEVILLE, Ont., Sept. 18.—A bullet on his arm, 22 to a bull, David Cullen, Kawartha township, Ont., was saved from death by his Collie dog. The bull turned on him as he was taking it to the stable, tossed him in the air, and then rammed its horns into his chest. The dog, however, saved him by running between the bull and the man.

Thrashing Still At Standstill At Clyde

Associated Press EDMONTON, Sept. 18.—The thrashing of wheat in the district of Clyde, Alberta, is still at a standstill. The weather is too dry, and the wheat is too hard to thresh. The farmers are waiting for a change in the weather to begin their work.

WINNIPEG, Sept. 18.—(Continued from page 19.)—The 100,000-acre project of the Canadian Wheat Board, which was announced last week, is still at a standstill. The board is waiting for a change in the weather to begin its work.
